CRIME SCENE INVESTIGATION REPORT

Case No.: PBPD-2026-034532 | Document No.: 03

Reporting Technician: CSI Tech Bernard Fontenot, Badge #4502 (Lead)

Assisting: CSI Tech Yvette Bourgeois, Badge #4517

Date of Report: October 4, 2025

Scene Arrival: October 4, 2025 — 3:41 AM

Scene Release: October 4, 2025 — 6:33 AM

Location: Alley Rear of 712 Bourbon Street, New Orleans, LA 70116

I. SCENE DESCRIPTION

Scene is an east-west service alley approximately 12 ft. wide and 94 ft. long, running behind a row of commercial establishments fronting Bourbon Street. Surface is asphalt, irregular, with several patched areas. One operational overhead light at north end (south end fixture non-functional). Weather at time of arrival: clear, 64°F, light westerly wind. No precipitation in prior 18 hours.

II. PHOTOGRAPHIC DOCUMENTATION

A total of **174 photographic frames** were captured using a Nikon D7500 DSLR with 35mm and 100mm macro lenses. Documentation followed standard overview-mid-range-close-up methodology. 9 frames captured under alternate light source (Crime-lite 82L) at 450nm with orange filter for bloodstain enhancement. Photo log filed as Exhibit P-01.

III. SCENE DIAGRAM

A scaled sketch (Exhibit D-01) was prepared depicting the alley, body position, blood pool extents, and location of all recovered evidence items. Reference measurements were taken from the rear wall of 712 Bourbon Street and from the south curb line. Final diagram was rendered in CAD by Tech Bourgeois and filed October 5, 2025.

IV. EVIDENCE COLLECTED

Item #	Description	Recovery Location	Disposition
E-01	White t-shirt, heavily bloodstained, size L	On victim's person	PBPD Lab — Biology
E-02	Brown leather wallet w/ contents (\$142 cash, GA DL, 2 credit cards, press pass)	2 in. right of torso	PBPD Property
E-03	iPhone 14 Pro, black case, screen face-down	3 in. from victim's left hand	Digital Forensics Unit
E-04	Blue denim jeans, sz 34x32	On victim's person	PBPD Lab — Biology
E-05	Nike Air Force 1 Low, white, sz 11	On victim's feet	PBPD Lab — Trace
E-06	Right hand fingernail scrapings	Victim's right hand	LA State Police Crime Lab — Biology
E-07	Left hand fingernail scrapings	Victim's left hand	LA State Police Crime Lab — Biology
E-08	Bloodstain swab, victim's anterior neck	Victim	PBPD Lab — Biology
E-09	Primary blood pool sample (swab + control)	Asphalt beneath victim	PBPD Lab — Biology
E-10	Blood spatter swab — concrete wall, 8 ft N of body, East wall, 712 Bourbon	8 ft N of body	PBPD Lab — Biology
E-11	Partial shoe impression in blood (electrostatic lift + gel lift)	East of victim's torso	PBPD Lab — Trace
E-12	Cigarette butt, Marlboro Red, partially smoked	4 ft 7 in. S of body	LA State Police Crime Lab — Biology
E-13	Black synthetic fiber, approx. 2.4 cm	Adhered to victim's right palm	PBPD Lab — Trace
E-14	White paper napkin, folded, handwritten notation	Victim's left front jeans pocket	PBPD Lab — Documents
E-15	Single hair, blonde, approx. 8 cm	Victim's shirt collar (rear)	LA State Police Crime Lab — Biology

Item #	Description	Recovery Location	Disposition
E-16	Black plastic shirt button, fractured	Asphalt, 11 in. SW of victim's right hand	PBPD Lab — Trace
E-17	Cigarette ash deposit + control	South alley wall, 2.5 ft from butt E-12	PBPD Lab — Trace
E-18	Empty Abita Amber bottle (printable surfaces)	Trash receptacle, north alley wall	PBPD Lab — Latent Prints

V. NOTATION ON ITEM E-14

Item E-14, a folded white paper napkin recovered from the victim's left front jeans pocket, bore the handwritten notation, in ink: "**C-L. R.A. 10/3**". The notation appears to be in the victim's own hand based on visual comparison with the press credential signature (pending formal questioned-document examination). Interpretation pending; provided to Det. Landry for investigative follow-up.

VI. BLOODSTAIN PATTERN OBSERVATIONS

Bloodstain pattern documentation was performed by Tech Bourgeois. Observations consistent with: (a) a primary impact site near the victim's current head position, (b) at least three secondary spatter trails radiating north and east, (c) a vertical stain at 3.5 ft. elevation on the adjacent wall consistent with cast-off from an upswung instrument. Full BPA report to be issued separately by BPA Analyst Demetria Walls.

VII. SCENE RELEASE

Scene was released to the property owner of record (Olivier Hospitality, LLC) at 6:33 AM following completion of evidence collection. Outer perimeter tape was removed; inner perimeter retained for follow-up by daylight at 9:00 AM. No further evidence was recovered at the daytime canvas.
